Stock Dogs in Action

We are off and running to a great new year here at American Stock Dog. We have been very busy in the works of our upcoming show in Warrensburg, MO. The visions that we saw just a few years ago are becoming real and we could not be more excited. The show date is May 14-15. Please visit our website for a complete list of classes, show rules, and entry forms. Below is a sneak peak at what we are going to offer:

- handling seminar by professional handlers Charlie & Sherry Dahley.
- Mr. L.R. Alexander will be in charge of our herding classes. He will also be giving herding instinct testing and doing mini seminars throughout the day on Saturday. Visit his website at www.stockdog.us
- Ultimate Dog Performance will be sanctioning our Herding, Agility, & Rally O classes. You can learn more about them at www.ultimatedogperformance.com
- Our official photographer can be found at www.imagesbylaney.com
- Canine good citizenship testing will be available.
- Friday night we will have a complimentary dinner followed by a speaker from Neotech. They will be sharing on building immune systems in puppies and dogs. Please RSVP for this. The form can be found under "Extras" on the 2010 Dog Show page of our website.

Again, you can find complete information on our website. Just go to the "2010 Dog Show" tab. We will keep updating this page, as we get closer. Be sure and get your entries in early to get a better rate!!

Program cover contest ends March 30th!

We are running an art contest for the cover of our show catalog. Complete rules for this may also be found under the Show page of our website. We've already gotten some really good ones and are really excited about this contest. We want our catalogs to be keepsakes.

Spotlight your kennel or business

If you would like to sponsor a class or would like your kennel or business featured in our show catalog contact us for more information.

We're on the Web!

New feature

We have added a new feature to our website. You may now go online and create an account with us. Once your information is sent to us we view it, accept it, and then we will send you an email with a temporary password. Once you receive this you are able to go to your account and view all of your dogs and any past litter you may have registered. And, the best part is you can now register your litters online and print your puppy papers!!

Many of you have already discovered this new addition but if you haven't we encourage you to check it out. Just remember that when you submit your information it may take us a little while to get your account activated because sometimes we do get a little backed up with phone calls and such. We do our best to get them done as soon as we can.

Have you joined an ASDR club yet...or started you own?

ASDR clubs are popping up everywhere. Check our website to see if there is one in your area yet.

We think these clubs will be a great opportunity for everyone involved and are thrilled to get them off and running.

See you down the trail!

We've come a long way but we know we have a long road ahead of us. We are constantly trying to improve what we provide and promote. We are so excited and so blessed to have met so many wonderful people along the way. The friendships we have made are irreplaceable.

We've made some mistakes along the way but it's given us ideas on how to make things better and that is what we strive for on a daily basis.

We are striving to promote the herding breed in every aspect. It's been a great ride so far and we can't wait to see what's up around the next corner. We hope you all take the ride with us and we'll see you all down the trail.
